ROC. No.2394/K2/48, *dated* 8th JULY 1948

Sir,

* SUB: GOVERNMENT COLLEGE, MANGALORE - INCREASED ADMISSIONS IN THE JUNIOR INTERMEDIATE CLASS - PROPOSALS SUBMITTED.

@&@&@

The President of the Old Boys' Association, Government College, Mangalore has represented to me that about 450 applications have been registered for admission into the Junior Intermediate class of the college for the 150 seats available. He states that it will not be possible for the students to secure admission in other districts for linguistic reasons and has urged me to provide for increased admissions. The Principal has now submitted proposals to increase the strength of the class by 126, 68 in the Science groups and 58 in the Humanities. He states that the increased admissions in the science groups will be possible because of the immediate availability of the High School laboratory.

The H. School science lab has been vacated. Consequent [illegible] the raising of the College [illegible] 1st grade?

2 The admissions of the extra 126 students will involve the employment of the following additional staff:

Kannada	One tutor
Physics	One demonstrator and One attender.
Chemistry	One demonstrator and One attender.

If the strength of the Junior Intermediate class is raised to 276, the total number of students taking Kannada will be about 400 and while the existin existing staff is adequate for lecturing work, a tutor is necessary for the work of valuing composition books, and translation exercises. In regard to English, as the principal is the senior lecturer in that subject, it is necessary to employ an assistant lecturer to assist him. The Principal states that an Assistant Lecturer in English would become necessary even if the strength of the Intermediate class is not increased. I recommended that an assistant Lecturer in English to assist the Principal may be sanctioned.

3. The increased strength in the science groups will necessitate the following recurring and non-recurring expenditure for the respective laboratories.

	Recurring.	Non-recurring.
Physics	1,000/-	...
Chemistry	1,000/-	2,000/-
Natural Science	500/-	...

The Principal states that proposals for increasing the recurring grant referred to above will be made when submitting the budget estimate, I request that a sum of Rs.2,000/- for fitting up the new chemistry laboratory may be sanctioned.

4. The financial effect of the proposals are as under:

Receipts.		
Tuition fee from for 126 student		18,144/-
Expenditure:		
Non-recurring:		
Chemistry laboratory		2,000/-
Recurring:		
1. Asst. lecturer in english	150 X 8	1,200/
2. Tutor in Kannada	80 X 8	640/
2 demonstrators	2 X80 X 8	1,280/
2 attenders	2 X 22 X 8	352/
		3,472/
	or	3,500/

Receipts:		
Tuition fees		36,288/-
Expenditure:		
1. Assistant Lecturer in Engligh	205 5/9X12	2,467

ULTIMATE:

Receipts:

Tuition fees

Expenditure:

1. Assistant lecturer in English	205 - 5/9 X 12.	2,467/- ✓
2 demonstrators	2 X 116 2/3 X 12	2,800/-
2 attenders	2 X 27 X 12	648/-
hysics laboratory		1,000/-
hemistry laboratory		1,000/-
atural science laboratory.		500/-
		8,415/-
	r	8,400/-

It may be seen that both the immediate and the ultimate xpenditure are very little when compared with the ~~increase~~ income nder tuition fees. I request that Government may kindly ~~b~~ pprove the proposal and sanction the additional staff asked for by me.

Yours faithfully,

FOR DIRECTOR OF PUBLIC INSTRUCTION.

ROC. No. 1394-K2/48. dated 14th JULY 1948.

Sir,

SUB: GOVERNMENT COLLEGE, MANGALORE - INCREASED ADMISSIONS IN THE JUNIOR INTERMEDIATE CLASS:

REF: My letter Rc. No.1394-K2/48 Dated 8th JULY 1948.

***

The Registrar who was addressed to sanction the increased strength in the Junior Intermediate class of the Government College, Mangalore, has informed me that the University have decided to permit only an increase of 36 students for the Science classes and 38 in the History class making a total of 74 students. The Physics, Chemistry and Natural Science classes will do their practical work in four batches. For the increased admissions the University have stipulated two additionalassistant Lecturers (one for Physics and the other for Chemistry) and one demonstrator in Natural Science In my letter referred to above, I have recommended the employment of Two demonstrators only (Physics and Chemistry). I request that in modification of the proposal, Government may kindly sanction two Assistant Lecturers (Physics and Chemistry(and one Demonstrator in Natural Science.

2. The Registrat has informed me that on receipt of an assurance from Government that the additional staff will be appointed the College will be permitted to admit the extra students. I therefore request that Government may kindly issue urgent orders in the matter.

YOURS FAITHFULLY,

FOR DIRECTOR OF PUBLIC INSTRUCTION

SUMMARISING NOTE FOR CIRCULATION TO THE HON.MINISTERS.

Sub: Government College, Mangalore - increase in admissions and employment of additional staff.

The Director of Public Instruction brought to the notice of the Government that the President of the Old Boys' Association, Government College, Mangalore represented to him that about 450 applications were registered for admission to the Junior Intermediate Class of the College for the 150 seats available and that the number of seats in the College might be increased to take in more students as the students from the district could not hope to get admission in colleges of other districts for linguistic reasons. The Government also received a number of petitions from various sources for the increase in the number of seats in the Junior Intermediate class of the College. In order to meet the demand for additional seats the Director of Public Instruction submitted proposals for the admission, from the academic year 1948-49, of 74 additional students (36 in the Science group and 38 in the History group) in the Junior Intermediate Class of the College and for the employment in the College of the following additional staff:

. Assistant Lecturer in English
2 Assistant Lecturers in Science (one for Physics and the other for Chemistry)
1 Demonstrator in Natural Science.
1 Tutor in Kannada.
2 Attenders (one each for the Physics and Chemistry Laboratories).

He also applied for sanction for an expenditure of Rs.2000/- (non-recurring) in the current year for fitting up the Chemistry Laboratory in the College.

2. The sanction of the additional staff involved reference to the Standing Finance Committee. But as the need for providing additional seats in the Intermediate class of the college was urgent and as the extra cost on account of the employment of additional staff and the expenditure on equipment would be more than covered by the receipts that expected as tuition and laboratory fees from the additional students, the proposals were sanctioned with the concurrence of Finance, following the emergency procedure - i.e. after obtaining the approval of H.M.(Education, H.M.(Finance) and H.M.(Food) for the Hon'Ble Premier.

A copy of this note may be circulated to all other Hon'ble Ministers who have not seen the case, the Chief Secretary and the Finance Department.

M.V. SUBRAMANIAN,
Secretary to Government.

Sir,

9313

Sub: Government College Mangalore-Admission to I University Class- Accomodation Expandable- Numerous students tranded Instructions to Principal to accept suitable applicants to the maximum capacity of accomodation sought.

***

Great hardship is caused to numerous students who have been declared eligible for University studies, having passed in the last S.S.L.C.Examination and who are fit for such studies since admission into the local Government College, in the I University class, is denied to them.

The Principal of the local Government College, it appears, is permitted to admit about 66 students to the I University Class, with the result several students are now stranded in deep mental tension.

It is a matter of great surprise to note that a very large proportion of the students should find it difficult even at present, to get admission in the particular subjects in which they have shown proficiency or have a leaning and that they are turned out of the Colleges.

It is learnt that consequent to the closing down of the High School Department in the local Government College, there is great scope to accomodate more students for the College classes and that the present strength of about 60 may almost be doubled in the 1st group of the Science Section of the Intermediate Class. We are also informed that the present Principal has already addressed the authorities at Madras to permit him to admit more students to this section but so far he has not received necessary sanction.

It is therefore essential that immediate orders should be issued enabling the Principal to admit all really suitable and qualified students to the Science Group, before the lessons actually begin early this month.

We trust, you will take early action in the matter.
Thanking you,

Yours faithfully

HON.SECRETARY.

Subject:- Increase of strength- Junior Intermediate Class Government College, Mangalore.

.....

It is understood that over 450 applications have been registered for admission into the Junior Intermediate Class in the local Government College, against 150 seats available at present. It is sad if over two thir of number of these applicants will have to go without seats for higher studies, as it is impossible for them to secure seats in other districts, for linguistic reasons. The need for increasing the strength in the Junior Intermediate is very urgent and imperetive. The Committee of the Old Boys' Association which met on the 28th of June unanimously passed the following resolution :-

"In view of he large demand for seats in the Junior Intermediate Class in the Government College, Mangalore and the limited number of seats available, the Committee resolves to approach immediately the authorities concerned with the request that the number of seats in the Junior Intermediate in the Government College be raised to 276 as alre recommended by the Principal.".

The Committee will be grateful to you if you could kindly sancti and pass immediate orders complying with its request. The Association is only voicing the desire of the citizens of this district.

K. T. Alva
PRESIDENT.

GOVT. OF MADRAS

SECRETARY ... DEPT.
3 - JUL 1948
GOVERNMENT OF MADRAS

Dear Sir,

Students and Admission into Colleges.

I would like to bring to your notice the sorry state of affairs that prevail in regard to admission of students into Colleges. What has seen in the premises of Colleges for the last five days only belies the hopes raised in the public mind that this year there will not be much difficulty in regard to admission.

There was considerable delay in the despatch of certificate books, and so some College authorities announced their selection even the day after ~~at~~ the certificate books were received. This would certainly deprive students coming from distant places to the College.

Certain Colleges have applied for increase of seats — particularly Govt. College Mangalore — but have not yet received the sanction of the Govt. The principals will be able to meet the rush unless this request immediately granted. I believe this will receive your immediate attention. The maximum number of shifts should be allowed so as to admit all those who desire admission in the Sce — section.

To make you alive to the necessity of the situation I would just mention my own experience. Certificate books were received on the 24th and a student got the following marks. [illegible]

the 25th evening. English 60; Malayalam 52; Spl. Mathematics 65; Spl. Chemistry [illegible], G. Physics 55, History and [illegible] 47
By this time students getting 40% in English and 300 marks as total have been selected and all the 60 seats in gr II were thus filled up. So this candidate has to go [illegible]

Would you say that this brilliant boy should be denied the benefit of education? Things that are happening we face [illegible] and [illegible]
would be to instruct the college authorities not to deny admission to deserving cases but after admission to rectify the deficiencies and lacunaes
Thus only could the anxiety of the parents be mitigated, ~~the~~ and public discontent be made to subside.

Trusting that these points would receive your immediate attention,

Yours faithfully,
N. Padmanabhan
Kuttaparamba. N. Malabar
